
Vernier Cart Guide

Order Code CGUIDE

The Cart Guide is intended to keep a cart moving in a straight linear path.

Using the Cart Guide

On the first use of the Cart Guide, remove the thin plastic coating from both surfaces.

Place the Cart Guide on a smooth, hard surface such as a tabletop or a slanted board. Set the cart over the Cart Guide so that the wheels are on either side of the Cart Guide. Give the cart a push, or let it roll. When using tape to secure the Cart Guide, be careful the tape does not interfere with the motion of the cart.

If desired, standard dry-erase markers can be used on the Cart Guide.

Care and Maintenance

The Cart Guide can be cleaned with a damp cloth. An alcohol-based sanitizer can be used to wipe down the surface between uses, if needed. Do not use abrasives or solvents with the Cart Guide.
